Horticulture Work

GREER, S. C.

To our friends and patrons:

By circulating this little pamphlet, it is our purpose to serve the public to the best of our ability—offering only nursery products of quality—trees true to name and free of disease.

We have been engaged in the peach industry for about twenty-three years, now having fifty acres in orchard. We have tested all varieties of fruit and those named herein have proven to be the very best for commercial and home and orchard planting in this section of the country. Three years ago we began to operate a nursery to serve and supply commercial planters, and our present volume of business convinces us that this service will spread throughout the entire South.

We are offering at this time one hundred thousand trees from our nursery—trees backed up by our guarantee to replace or refund the cost, at your option. Next year we expect to place several hundred thousand trees, so if you do not care to plant this year, we will be glad to serve you later.

In addition to the sale of trees, we are in position to personally supervise the planting of all nursery products through our extension service.

With the advent of the boll-weevil, now is the time to diversify. Insure your future by planting good orchards and through the modern marketing facilities you will become independent.

We will be pleased to hear from you.

TAYLOR NURSERY,

GREER, S. C.

By R. B. TAYLOR, Manager.

PEACH TREES

We have only twenty thousand peach trees to offer this year, and suggest that you mail your order promptly.

One Year Trees

	Retail Price

4 to 5 feet -----	.35 "
5 to 6 feet -----	.40 "
2 year old, 4 to 6 ft. -----	.50 "

Write for wholesale prices on one and two year old trees.

VARIETIES:

MAYFLOWER—Earliest peach grown; ripens one week before the sneed; solid red color; beautiful appearance; markets well, not being tender like the sneed. A very prolific bearer; ripens from the 20th to 30th of May.

GREENSBORO—Beautifully colored, dark red and crimson. Ripens from the 15th to 30th of June.

CARMAN—A new acquisition in the peach line; fine variety; ripens from 1st to the 10th of July; good shipper and very prolific.

EARLY BELL—Very similar to the Bell of Georgia in shape and flavor, being a little more red in color; ripens from 10th to 18th of July. Good shipper. Open stone.

GOVERNOR HOGG—Fruit very large; superior richness and flavor; White with red cheeks; prolific bearer and vigorous grower; ripens from 1st to 18th July.

BELL OF GEORGIA—Very large, flesh white, firm and of excellent flavor. Very showy and prolific. Ripens July 10th. One of the best market peaches Free-stone.

ELBERTA—Very large and hardy in tree and bud; most prolific of all the yellow freestones; juicy with high flavor. Well tested and sells for highest price. Best commercial and shipping peach on the market today. Not less than two thousand should be set for shipping purposes. We grow more of these than any other.

FOX SEEDLING—A good productive late peach; flesh melting, juicy, sweet; free-stone; Ripens 5th to 15th of August.

AUGBERT—A late Elberta; very prolific. Ripens 15th to 25th of August; good seller. Comes in when all other peaches are gone. Large openstone. Good local market peach.

IRON MOUNTAIN—A solid white peach, openstone. Ripens same time as Augbert; a heavy bearer and good seller of medium size.

MARTEN SEPTEMBER—Fruit medium size, color; yellow ground with carmine marbling. Thin down. Flesh white-red at the stone, firm granular. Very sweet and rich, with little juice. Its good quality, and its freedom from rot, and capacity to keep and ship well makes it a most valuable market peach. Ripens 1st of September to 1st of October.

STENSON'S OCTOBER—Cling: Very fine quality; ripens and keeps well; first-class late variety.

TAYLOR CLING—Ripens last of July; a good canning peach. Has been grown by family for over one hundred years. Very large, white flesh.

RED BURKE CLING—A mammoth white and red peach of shady appearance and good quality. Ripens late July and early August.

JUNE BUDS:

12 to 18 inches -----	\$ 0.10 each or \$ 80.00 per thousand;
18 to 24 inches -----	.12½ " " 100.00 " "
24 to 36 inches -----	.15 " " 120.00 " "

Mayflower, Greensboro, Carman, Bell of Georgia, Elberta.

APPLE TREES

2 to 3 feet -----	\$0.25--\$15.00 per hundred--\$130.00 per M.
3 to 4 feet -----	.30-- 18.00 per hundred-- 150.00 per M.
4 to 6 feet -----	.40-- 25.00 per hundred-- 200.00 per M.
Two year old-----	.50

APPLES—ONE & TWO YEAR PRICE

We have the very best selection of apples, all of which have been tested and found to be very prolific. Many prizes have been won by us on exhibition of our apples at State Fairs, etc.

COMMERCIAL APPLES FOR SHIPPING:

DELICIOUS—Large, oblong, obtuse, conical, dark color, brilliant red blended golden yellow at the tip. Quality exquisitely fine. Keeping and carrying qualities unsurpassed by even Ben Davis. Best seller on the market. Ripens in the Fall. Buyer can safely set a good many of these for the market. Bears in four years.

STEAMAN'S WINESAP—Large apple, beautiful red, best quality, good Keeper, vigorous grower. Very popular; great many now being set out for marketing.

YATES—Tree very upright, great bearer and keeps excellently. Flesh white, sometimes stained next to the skin; tender, juicy, sub-acid, will keep until May.

WINESAP—Not only a good apple for the table but is fine cider apple. Tree bears early is very hardy and is a most profitable orchard variety wherever grown. Flesh yellow, firm, crisp, with a rich, high flavor. Ripens November, will keep until May.

Home orchard apples; sometimes used for commercial:

TAYLOR NO. 1—This is an exceedingly fine variety. J. P. Taylor, Greer, S. C., originator. Fruit large, oblong to conical in shape. Flesh rich creamy yellow; color beautiful red with white dots. Very highly flavored; aromatic, crisp, firm. Keeps well. Ripens from October 1st to December 1st. Has won lots of prizes. Heavy bearer.

ROUGH AND READY—J. P. Taylor, originator; the best prolific late winter apple; will keep until May.

ARKANSAS BLACK—Large improved winesap; flesh firm, crisp, with high, rich flavor. Elegant flavor. Not a commercial apple.

TERRY WINTER—A very prolific bearer; medium size, red with white stripe. Used in commercial orchards to medium extent.

BLACK BEN DAVIS—Very prolific; color black, hardy, not as coarse as the Ben Davis, a home orchard apple.

BEN DAVIS—A bearer; striped with white and red. A home orchard apple.

AMERICAN GOLDEN RUSSET—One of the best russet apples on the market today. Winter apple. Good flavor.

WINTER BANANA—Beautiful apple. Very large, hardy and prolific bearer. Flesh yellowish white, excellent sub-acid flavor, resembles a banana. Keeps well.

GRIMES GOLDEN—An early Fall apple; not a heavy bearer in South Carolina, but bears well in North Carolina. A good, commercial bearer; yellow juicy with delicious flavor.

BALLENGER—An old-time green apple; small, mealy, very prolific, keeps well. Summer apple.

SUMMER APPLES

WILSON'S RED JUNE—Early bearer, very prolific, red with some white, larger than Carolina Red June and a better apple. Fine market apple.

RED ASTRACHAN—Very valuable variety, especially for the market and for all kinds of culinary uses. Ripens last of June and the first of July.

EARLY HARVEST—Yellow apple, heavy bearer, good cooking apple, fine for the market.

EARLY MAY—This is undoubtedly the earliest bearer of any of the varieties. Yellow.

YELLOW TRANSPARENT—Yellow apple; will bear at two years old; good market apple. Ripens last of June.

APRICOTS

2 to 3 feet	-----	.35
3 to 4 feet	-----	.50

ALEXANDER—Very prolific; ripens in June. Fruits well in this state.

PLUMS

3 to 4 feet	-----	.40
4 to 6 feet	-----	.60

RED JUNE—For the market value this is perhaps unequalled among Japanese plums. Ripens in early part of June. Large size, free from rot color is most firey red.

SHIRO—Ripens the same time. Yellow in color. Sweet. Good market plum. Very prolific. Free from rot to some extent.

SHROPSHIRE DAMSON—Very prolific, hardy, fine for culinary purposes.

CHERRIES

2 to 3 feet	-----	.75
3 to 4 feet	-----	.80
4 to 6 feet	-----	1.00

GOV. WOOD—Tree vigorous and very productive. Deserves a place in every first-class collection. Large fruit; tender flesh; juicy, sweet and delicious. Ripens in May.

EARLY RICHMOND—One of the hardiest of all cherries; bears early and abundantly, a most valuable market fruit. Ripens in May and June.

BLACK HEART—Very prolific bearer, sweet; ripens in May.

MAY DUKE—This is a very valuable early cherry. It is the richest of all sub-acid cherries. Ripens the first to the last of May.

BALDWIN—Very best June cherry on the market today; will fruit heavy every year. Always produces when others fail to bear.

PEARS

2 to 3 feet	-----	.35
3 to 4 feet	-----	.50
4 to 6 feet	-----	.80
Two year old	-----	1.00

We handle but two varieties of pears, which we consider the best:

KIEFFER—Flesh firm and juicy, rich with pleasant vinous flavor; of good quality. Ripens in Fall. A good, preserving pear.

GARBER—Very prolific; juicy; ripens in Early Fall. A good market pear.

GRAPES

1 year old	-----	.30
2 year old	-----	.40

CONCORD—The grape for the millions; stands without a peer for general cultivation; heavily vine, vigorous and productive. Ripens early.

MOORE DIAMOND—A white grape; ripens two or three weeks earlier than the Concord.

WYOMING RED—A very prolific grape; a good market and wine grape.

MOORE EARLY—Among the earliest of grape; white.

NIAGRA—White, best market and most prolific grape grown.

SCUPPENONG—White very prolific.

FIGS

1 year old	-----	.50
2 year old	-----	.75

BROWN TURKEY—Very prolific; small has fine flavor, can be eaten without peeling and without irritation to mouth.

PECANS

2 to 3 feet -----	1.25
3 to 4 feet -----	1.50
4 to 6 feet -----	2.50

We have been growing pecans for a number of years and have found the following varieties to be the most prolific in this state.

STUART—Very large, paper shell, not very long.

MOBILE—Paper shell, very long, rich flavor.

MONEYMAKER—Paper shell.

SLEY—Paper shell.

Information on any nursery product not herein listed will be gladly furnished free of charge.

There are no packing charges on fruit trees.

We are well supplied with shubbery, and can do landscaping, write us about it.

ROSES

HYBRID TEA ROSES:

ANTOINE RIVIERE—Rosey flesh on yellow ground. Forces.

BESSIE BROWN—Creamy-white flowers; sweetly scented.

ETOILE De FRANCE—Color a lovely shade of clear, red crimson velvet, very fragrant.

HELEN GOULD—A grand rose of the very highest merit for the garden; bright watermelon red; very free grower and bloomer.

KAISERIN AUGUSTA VICTORIA—Pure white with shading of primrose yellow.

La FRANCE—Queen of all the roses. Beautiful bright silvery pink with pale lilac shading.

RED RADIANCE—All who know that grand rose radiance will welcome this red form of that great favorite. Radiance is a rose that grows well everywhere. A fine grower and free bloomer. No prettier pink rose grown. Red Radiance is its exact counterpart except that the color is rich deep red.

RHEA REID—Flower large and double; rich dark velvet red; a good red garden rose.

ALEXANDER HILL GRAY—Color is solid deep yellow throughout.

ETOILE De LYON—Bright sulphur yellow; fine form large size; fine yellow.

PAPA GONTIER—Rosy crimson; fine long bud; most attractive; forces.

GENERAL ROBERT E. LEE—Orange yellow; shade white; free.

MAMAN COCHET—The famous pink cochet. Light pink shade with salmon yellow, outer petals splashed with bright rose; extremely large and full.

WHITE MAMAN COCHET—A sport from maman cochet, with creamy white flowers faintly tinged with blush.

AMERICAN BEAUTY—The well known forcing rose.

WHITE AMERICAN BEAUTY—This grand rose has become renowned as the very highest type and is the best snow-white rose ever introduced. It is an extraordinary strong grower and has the vigor and hardness of an oak. Its magnificent flowers are nothing less than glorious, immense in size and produced with great freedom. The color is marvelous white without tinge of yellow or any other shade. A true paper white, the standard by which all white roses are judged.

GENERAL JACQUEMINOT—Crimson scarlet; large, full, very fragrant. Excellent

We will be pleased to furnish any additional information regarding roses which you may desire.
